PETITION IN SUPPORT OF DECONSOLIDATION OF  
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

RECEIVED  
NOV 01 2011

BY: \_\_\_\_\_  
I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the  
deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

As a single renter, I'm paying more than many families - of 4 use for less water! AZ/AAW rates are unfair to all residents.

2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

It is completely unacceptable that our water rate has increased from approx \$30/month to over \$130/month without any increase in our amount used. We are a family of seven living on one income and our water bill is totally out of proportion to our usage and to our other utilities.

As well, our homeowner contract dictates that we are not responsible for any infrastructure costs past our property lines!!

PETITION IN SUPPORT OF DECONSOLIDATION OF  
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

RECEIVED  
NOV 02 2011  
BY: .....

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

Comments:

The cost born by the homeowner for delivery of water and its use here in Anthem is atrocious and unconscionable and needs to be more evenly and fairly distributed amongst AZ-American Water Co. system users. It becomes more and more difficult to maintain a decent standard of living today (especially for the retired home owner on a fixed income) due to huge and unreasonable cost increases by AZ-American Water Co.

PETITION IN SUPPORT OF DECONSOLIDATION OF  
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
- ✓ 3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.

Comments:

SINCE ANTHEM RESIDENTS WERE HIT WITH A LARGE INCREASE FOR WATER USAGE BECAUSE OF DECONSOLIDATION, I THINK ITS TOTALLY UNFAIR FOR ANTHEM TO BE STUCK WITH HELPING TO PAY FOR WASTE WATER USAGE BY THOSE WHO OPPOSED CONSOLIDATION (SO THEIR BILLS WOULD BE LOWER).

We have in Anthem (Anthem) helped to pay for water we don't use. We already have rates higher than anyone in the valley. People have had to stop watering their trees and plants and some have already died. Road, rent, etc. Water for plants - A Real No-Brainer when people can't afford it. We need you to be fair please.

I would ask the Commission to look at the inequity Anthem residents are being forced to pay for water service by doubling our water bills. Hopefully, this inequity can be addressed & reflect service fees only & not subsidizing of other water customers.

PETITION IN SUPPORT OF DECONSOLIDATION OF  
THE ANTHEM/AGUA FRIA WASTEWATER DISTRICT

I, the undersigned, do hereby petition the Arizona Corporation Commission to approve the deconsolidation of the Anthem/Agua Fria Wastewater District for the following reasons:

1. In Decision 72047, the Commission rejected statewide AND partial consolidation of any of Arizona-American Water Company's (AAWC) water and wastewater districts.
2. The Commission is on record stating that utility customers should pay for the "cost of service" that is incurred by the provider of that service.
3. Under the current AAWC rate structure, customers of the Anthem portion of the consolidated Anthem/Agua Fria Wastewater District are the ONLY customers in the entire AAWC system who are paying MORE than the "cost of service" and are subsidizing customers of other wastewater systems.
4. Anthem has offered a 3-year revenue-neutral transition plan that mitigates the rate shock to Agua Fria district customers.

Deconsolidation of the Anthem/Agua Fria Wastewater District will result in the consistent treatment of all customers within the Arizona-American Water Company's systems.

Thank you.
